Dear Mr. Miller,

I am a resident of East Harris County, and it is beyond time that the EPA holds these companies accountable for their actions at the San Jacinto River Waste Pits. Our health can not be calculated in dollars and cents! I plead with you to fix it now with a permanent armored enclosure, cited by the Army Corps of Engineers as the safest and most rapid remedial option. Our health can not wait any longer for the EPA's inaction. Please prioritize us and not the rich companies!

Sincerely,
